Education

Institute Of Technology And Management,Gwalior	**Dec 2020 - Jun 2024**
Bachelor of Technology in Computer Science and Engineering	*CGPA 7.7/10*
Innobuzz, Delhi	**2019 - 2020**
Advance Diploma in Security	*CGPA 8.3/10*

Work Experience

DevDham Devotional Platform — **Mar 2025 - Present**

UI/UX Designer Intern — *Remote*

- **Conduct user research and usability testing** to gather insights and improve design solutions.
- **Create wireframes, prototypes, and user flows** to effectively communicate design ideas.
- **Collaborate with cross-functional teams** to understand project requirements and user needs.

Kooperate Innovations — **Jan 2024 - Feb 2025**

UI/UX Designer — *On-site*

- **Conducted user research and usability testing** to identify user pain points and enhance design outcomes.
- **Designed cross-platform wireframes, interactive prototypes, and end-to-end user flows** for mobile and web apps.
- **Collaborated with product managers and developers** to deliver consistent user experiences across multiple platforms.
- **Maintained design consistency** through reusable components.

Splushindia — **Oct 2022 - Mar 2023**

UI/UX Designer Intern — *Remote*

- **Collaborate with cross-functional teams** to understand project requirements and user needs.
- **Create wireframes, prototypes, and user flows** to effectively communicate design ideas.
- **Conduct user research and usability testing** to gather insights and improve design solutions.
- **Design intuitive and visually appealing user interfaces** for web and mobile applications.

Technical Skills

Skills: User Research, Typography, user feedback, Usability testing, User-Centric Design, Prototyping, Wireframing, Visual Design, Interaction Design, Low-fidelity high-fidelity wireframes, User Journey Mapping, Web designs, App designs, Responsive Design, UI/UX designs, RPA, Automation, SQL, Database, Python, HTML, CSS, JavaScript, MySQL

Tools: Figma, Adobe Xd, Adobe Suite, Framer, Uizard, Webflow, UiPath

AI Tools: Midjourney, Runway, HeyGen, Sora, Invideo, ElevenLabs

Projects

Resumer - AI-powered Resume Builder Toolkit | [Live Link]

- **Designed and prototyped Resumer** a web-based toolkit that utilizes **AI to generate ATS-friendly resumes** tailored to specific job descriptions.
- Conducted user research and created **wireframes** to define the user flow and information architecture for an intuitive and efficient resume building experience.
- Focused on **user experience (UX)** by designing an interactive interface that guides users through the resume creation process
- Developed the **visual design** of the user interface (UI), ensuring a clean, modern aesthetic that prioritizes user clarity and functionality.

Reimagining the Monster Energy Website | [Project Link]

- Evaluated existing website and competitor websites to identify pain points and best practices.
- **Created low-fidelity wireframes** to establish the basic layout and information architecture for key pages (homepage, product page)
- Built interactive **Prototypes** to test user flow. These clickable prototypes **Simulates** website functionality. This iterative process ensured a seamless user experience before development began.
- Incorporated **Monster's signature bold visuals and color palette** to create a visually impactful and engaging experience.
